Salem Before and After School Program is for students who attend Shoemaker Elementary School in the East Penn School District. Our purpose is to provide quality care for children of working parents in a safe, well cared for and happy environment.

This program is for students in the first through fifth grade.

Salem school-age program makes sure that the time gaps before and after school are filled creatively and constructively. Kids have the chance to express their talents in the arts, sports and other areas of interest. Kids find out what success is all about in an approach that says everybody plays, everybody wins. Time is set aside for tackling homework, with adult help available. Salem staff knows how to challenge children and listen to them to enhance spiritual growth.
